1

UNFOLD

Open the velcro.

COMPLETELY SELF DEPLOYING

The new Komperdell, FXP pole deploys completely by itself and provides a secure and solid connection between the individual segments.

2

RELEASE

Let the pipe segments go and hold your pole on the grip.

THE SAVEST CONNECTION

The fixed mechanical connection of the parts prevents slacks between the pipe segments and thus no disturbing noises can occur. With the FXP poles there is no more force on the push button. This is why we can guarantee maximum safety!

3

READY - GO

Start your adventure!

EASY HANDLING

The FXP pole is a real innovation on the pole market. So easy that it is self-explanatory. Due to the reduction of parts in the folding mechanism from 11 to 3 there is a significant difference in weight and handling.

FXP

Mountaineering was never easier!

Our FXP covers all different areas of mountain sports. The FXP is ideal for trekking, trailrunning & ski touring. It combines the main points that make up a pole to one perfect companion. It is lightweight, has a small packed size and also the rattle of conventional folding poles is history.

Handling the FXP is as easy as it can be. The packed pole is held together by a velcro strap and once opened, it unfolds completely by itself. This is not only easy, it also saves time and creates a unique experience.

THE FIRST AND ONLY SELF DEPLOYING FOLDING POLE

SOLID MECHANICAL CONNECTION
eliminates the usual rattle of a folding pole

PURE MAGIC - SELF DEPLOYING
when released, the pole deploys completely by itself

30% LIGHTER
going from 11 to 3 parts in the folding system makes all the difference

KOMPERDELL

HONEST QUALITY FROM AUSTRIA

For almost 100 years we manufacture poles in our headquarters in Austria. We stand for innovation, outstanding service and a sustainable long-term approach to our environment.

High quality poles! Every single KOMPERDELL pole originates from the first idea to the final product in our Austrian factory.
- 100% MADE IN AUSTRIA -

OUR FACTORY

In our main factory is in Austria/Mondsee you will find the production, the development, design and marketing. We develop and implement individual customer needs and our own production line there.

DEVELOPMENT

Each of our products is created from the initial idea to the product ready for series production in our main factory in Austria/Mondsee. This is where complete collections and individual designs are created for our customers and industrial partners. We are proud to say that we develop in addition to our own collection with and for more than 40 international well-known brands.

CUSTOMER DEDICATION

The love to our customers is of highest importance to us. We stand for excellent products made in Austria and world class service – we want our customers not only to be satisfied, we want them to be impressed! That's the reason we are the only producer with direct repair service! It doesn't matter where you bought the pole, you return the pole directly to us - We will take care of it! No matter what happened!

PRODUCTION

We produce under strictest industry standards. Our materials are free of pollutants and partially recycled. We take care of an environmentally friendly production process. We own the latest paint and production facilities because for us, sustainability means a conscious, long-term approach to our environment - to nature, employees, business partners and above all to our customers.

WITH A POLE FROM KOMPERDELL YOU KNOW EXACTLY WHERE IT WAS MANUFACTURED AND WHO MADE IT!

Innovation is in our blood. We will always continue to work obsessively to improve our products, to equip our athletes, customers and business partners with the best possible materials and to always be one step ahead.

In every step we do, there is a high amount of personal passion from each of us. Our employees, as well as athletes live the passion for sports and feel enthusiasm for our brand. A lot of our employees are part of our team for decades and they do everything to inspire and surprise our customers.
