100% MADE IN AUSTRIA

HONEST QUALITY FROM AUSTRIA

For almost 100 years each and every pole we sell is manufactured in our own facilities in Austria. We are committed and obsessed with innovation, outstanding service and a sustainable long-term approach to our environment.

INNOVATION

Each of our products is created from the initial idea to the product ready for series production in our main factory in Austria/Mondsee. This is where complete collections and individual designs are created for our customers and industrial partners. We are proud of the fact that more than 40 international ski and outdoor brands have their poles manufactured and developed by us.

PRODUCTION

We are one of the few brands to still produce 100% of our poles locally in our own facilities. We take pride in our high environmental standards in Austria. Our brand new factory in Austria utilizes the latest technologies and most modern machinery of any pole factory in the world. We believe in honest sustainability as we produce where we live. For us, sustainability means a conscious, long-term approach to our environment – to nature, our employees, business partners and above all to our customers.

CUSTOMER SERVICE

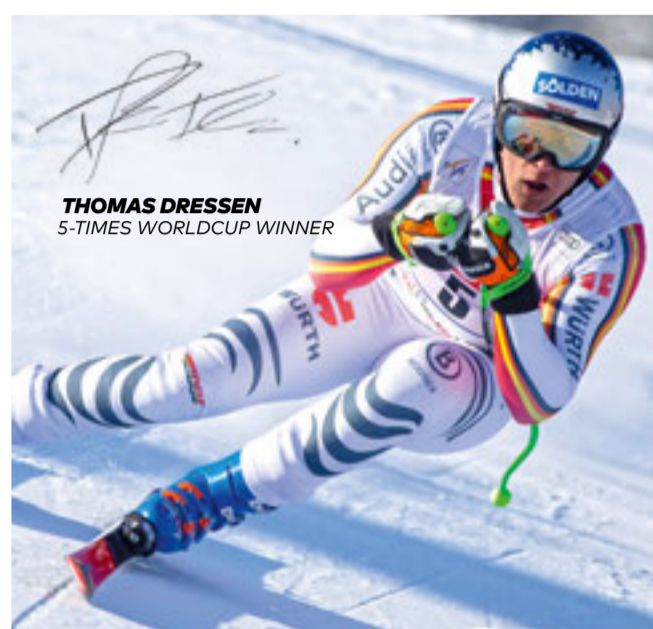

The love of our customers is of highest importance to us. We stand for excellent products made in Austria and world class service – we want our customers not only to be satisfied, we want them to be impressed! That's the reason why we are the only producer with direct repair service! It doesn't matter where you bought the pole, you return the pole directly to us – we will take care of it! No questions asked!

CHAMPION'S CHOICE

MORE THAN 200 ATHLETES TRUST US

We are the most successful racing brand in history – for decades the world's best skiers have trusted and won with Komperdell racing poles for decades.

SOLID SCREW JOINT
for extra tight fit and no twisting of the punch protection

PUNCH PROTECTION
made of highly resistant thermoplastic resin, absorbs hard impacts

STRAP FASTENING
makes tearing off the strap nearly impossible

SKICROSS STRAP
with free hands at the starting block catapulted into the race

SHRINKING TUBE
for reinforcement of the tube

WORLD CUP EQUIPMENT
extremely rigid materials and precise manufacturing for highest demands

CARBON SHAFTS
for zero weight and maximum performance

NATIONALTEAM CARBON SLALOM 12,3

Sizes: 100 - 140 cm (in 5cm steps)

Features:

- * technical grip with rubber & punch cover World-Cup style
- * race strap
- * carbon, Ø 12,3 mm
- * mini race basket
- * tungsten/carbide flex tip

art. # 147 32 51-48

NATIONALTEAM CARBON GS 12,3

Sizes: 105 - 140 cm (in 5cm steps)

Features:

- * race grip Duplo
- * race strap
- * carbon, Ø 12,3 mm
- * downhill basket
- * tungsten/carbide flex tip

art. # 147 32 54-48

NATIONALTEAM CARBON SKICROSS 12,3 MM

Sizes: 105 - 140 cm (in 5cm steps)

Weight: 189 grams(125cm)

Features:

- * race grip Duplo
- * skicross strap
- * carbon, Ø 12,3 mm
- * mini race basket
- * tungsten/carbide flex tip

art. # 147 32 55-48

TOURING & FREERIDE

THIS LARGE PROGRAM IS FOR EVERYONE – PROVIDING THE EQUIPMENT YOU NEED!

We are the only pole brand to offer a complete touring program with the best price / performance for everyone – from regular skiers, off-piste and free riders to extreme alpinists and climbers.

LIGHT

The less weight, the more endurance on the mountain. Feel secure with the extra light and robust carbon poles from Komperdell. Due to our know-how for several years we produce the lightest and best poles on the market.

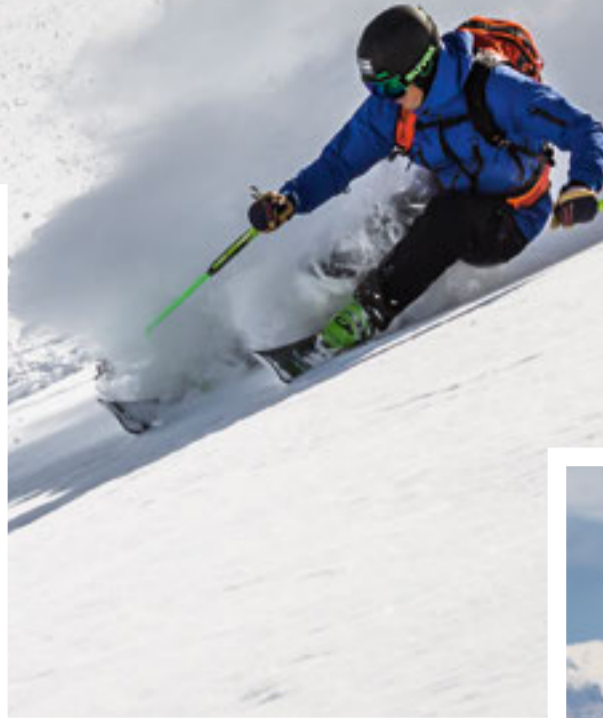

STRONG

With our external clamp closure made of forged aluminium we offer the strongest adjusting system on the market. Our Powerlock 3.0 is extremely durable in cold temperatures, absolutely non-slip & easy to close - even with gloves.

FEATURES

We are more than just technicians, our poles meet all features being excellent touring poles – simple operation of the climbing aid through our newly designed grip head, as well as the ice flank system, in which the basket adapts to the slope up to 28°.

ADJUSTMENT MECHANISM IN THE GRIP – FAST, INTUITIVE & SIMPLE
adjust the length anytime, adapt to any situation and slope incline

AWARDED WITH

PROTECTION

PIONEER – TRENDSETTER – MULTIPLE AWARD WINNER

For more than 20 years we have been the leading brand in the motorbike, winter-sports, equestrian and bike industry. We are the only brand to develop and manufacture not only the protector but also the garment.

NEW FOR 2021/22

WASHABLE

our protectors can be washed without any problems

THERMO FIT - ADAPTS THROUGH BODY TEMPERATURE

– when worn, the dual density foam adapts to the body contours

REDESIGNED CROSS FLEX PROTECTOR

30% lighter and extremely flexibel

ABSORBS MORE THAN 93% OF THE IMPACT ENERGY

The impact forces are absorbed by a combination of various different layers

HIGHEST DURABILITY

the innovative combination of various foam layers makes our protectors extra strong and durable against external forces

1

PIONEER

For more than 20 years we have been developing protectors for the worlds leading motorcycle brands. Due to the close cooperation with our customers we have gained valuable know-how on how to best protect our customers. Like no other brand we influence the market for modern protection.

2

TRENDSETTER

We are the only brand to develop and manufacture not only the protector but also the garment. Today we are able to integrate our protectors into the lightest garments and still provide the best protection on the market.

3

MULTIPLE AWARD WINNER

No other brand has won as many awards in so many different fields as we did. More than 30 awards for our motorcycling, winter-sports, bike and equestrian protectors justify our claim to provide the best possible protection on the market.

CASUAL PROTECTION

MAXIMUM SAFETY WITH BEST WEARING COMFORT

A completely new way of combining our Cross Flex protection system with ultimate comfort.

EVEN BETTER CONCEALED

the new Cross Flex Protector provides comfort and safety without any compromises

CLEVER

integrated into a casual hoody – it's so easy to wear that you hardly feel it

NEW! CROSS FLEX PROTECTOR

30% lighter and extremely flexible

ABSORBS MORE THAN 93% OF THE IMPACT ENERGY

The impact forces are absorbed by a combination of various different layers.

THERMO FIT - ADAPTS THROUGH BODY TEMPERATURE

– when worn, the dual density foam adapts to the body contours

1

CONCEPT

In order to offer our customers protectors which they really would want to wear every day - we thought it best to integrate protective technology into an already existing apparel of the skier and the protector becomes an additional benefit.

2

FINE TUNING

As the only brand we design, develop and manufacture both the protective technology and the apparel. This gives us the opportunity to design both the protector and the garment as one single integrated piece, the protector is no longer a separate part.

3

THE PERFECT PROTECTOR

Our casual protectors with the new Cross-Flex system are so light you can hardly feel them AND they are integrated into an existing apparel, plus we still offer the best protection on the market without compromise when it comes to safety.

BIKE PROTECTION

BEST PROTECTION ON AND OFF THE ROAD

The protection pack guarantees the best wearing comfort and by far the largest protection-zone.

1

THE SAFEST PROTECTOR

20 years of experience as market leader for motorcycle, winter-sports and equestrian protectors have given us the know-how and experience to develop a truly unique concept for a bike protector. We are the only brand to develop and manufacture our own protector technology. This gives us the unique opportunity to develop the back-pack and protector as one compact unit.

2

SIMPLE YET INGENIOUS DESIGN

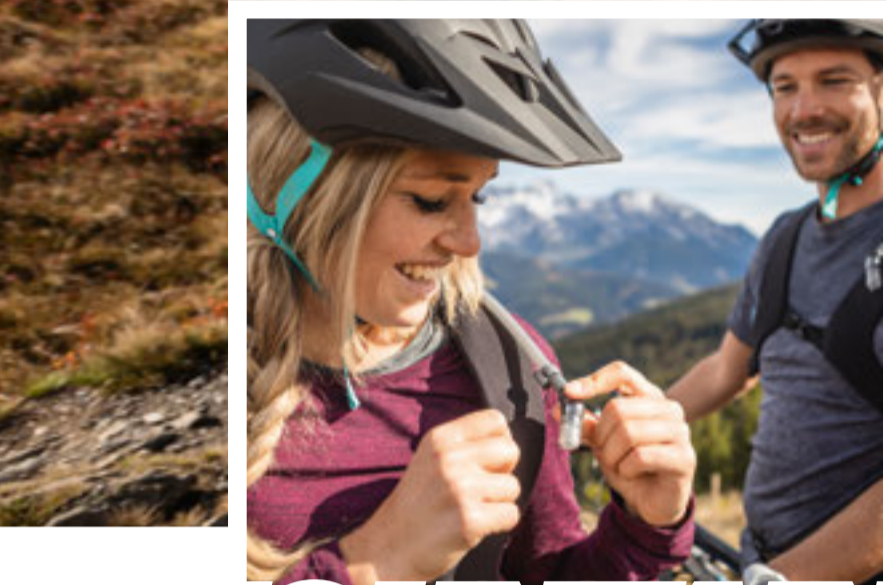

We completely rethought the conventional concept of a bike protector. Instead of integrating a protector plate into an existing backpack, we concentrated on developing an ergonomically perfect protector and then combine it with a smartly designed back-pack. There is **no additional weight** because of the protector.

3

UNIQUE PRODUCT

Our Komperdell Protector Pack guarantees best comfort and maximum safety. The protector is soft and flexible because of the dual density foam that adapts to the body contours when worn. We offer safety and protection and a variety of extras e.g. water bladder, storm jacket or rain-cover. Our protectors are multi impact compliant and washable.

MOUNTAINBIKE

MAXIMUM PROTECTION WITHOUT ADDITIONAL WEIGHT

While others work with a separate protector-plate, we are the only manufacturer who constructs the entire back section. Ergonomically perfectly fitting back protector with sufficient storage space and clever details.

MTB-PRO PROTECTORPACK

Sizes: unisex
black/green; S - M - L
black/blue; M - L
black/malbec; S - M

Features:
 * multilayer Cross 7.1 FB back protector made of adaptive dual-density foam, EN-approved 1621-2

an ISPO Award

FXP CARBON

MOUNTAINEERING WAS NEVER EASIER!

Handling the FXP is as easy as it can be. The packed pole is held together by a velcro strap and once opened, it unfolds completely by itself. This is not only easy, it also saves time and creates a unique experience.

3 YEAR SERVICE
NO QUESTIONS ASKED

THE FIRST AND ONLY SELF DEPLOYING FOLDING POLE

SOLID MECHANICAL CONNECTION

eliminates the usual rattle of a folding pole

PURE MAGIC - SELF DEPLOYING

when released, the pole deploys completely by itself

30% LIGHTER

going from 11 to 3 parts in the folding system makes all the difference

1

COMPLETELY SELF DEPLOYING

The new Komperdell FXP pole deploys completely by itself and provides a secure and solid connection between the individual segments.

2

THE SAFEST CONNECTION

The solid mechanical connection of the parts prevents slacks between the pipe segments – no rattling anymore. With the FXP poles there is no more force on the push button. This is why we can guarantee maximum safety!

3

EASY HANDLING

The FXP pole is a true innovation on the pole market, it is so easy to handle that it's self-explanatory. The reduction of parts in the folding mechanism from 11 to 3 allows for a significant difference in weight and handling.
